

2025 IMEKO TC2 International Symposium on Modern Photonic Metrology

Monday 1 September 2025 - Wednesday 3 September 2025

Modena

Scientific Programme

General Track

Special Session #01: Neurophotonics

Special Session #02: AI-Enhanced Optical and Biosignal Measurement for Healthcare

Special Session #03: Latest advancements in optical sensing and measurement systems for industrial, biological, and environmental applications

Special Session #04: Advancements in Optical Measurement Technologies for Intelligent Mobility

Special Session #05: Optical Imaging, Biometry, and Sensing for Ocular and Systemic Health
